

**Temprotech provide flame retardant temporary protection materials and technologies that meet the exacting demands of the Cruise, Ferry, Naval, Megayacht and Offshore markets.**

It is essential that newbuilding, outfitting and refurbishment projects are carried out on time and within budgetary constraints. Accidental damage and soiling from heavy traffic, weather, dust, debris and spillages can necessitate the costly and time consuming replacement or repair to finished surfaces, equipment and environments. Temprotech's materials and technologies help to ensure such damage, expenditure and delays are minimised.

Our product portfolio offers a range of flame retardant temporary protection materials to assist shipowners, operators and managers, yards, contractors and outfitters in the continued drive towards total protection and fire safety.

**CORREX® AKYPLAC® & AKYLUX® (LPCB Certified, LPS1207 and M1 approved)**

Flame retardant blends of polypropylene are extruded into a wide range of weights, grades and custom formats of Correx®, Akylac® and Akylux® fluted board sheet for the temporary protection of horizontal and vertical surfaces. They provide an extremely versatile form of protection offering light through to heavy duty compression and impact resistance. The boards can easily be custom printed for identification/promotional purposes and are light, clean, easy to work with and can be re-used - giving a cost effective alternative to traditional board products.

<b>TPT03270BS</b>	2.4mm thick, 270g/m <sup>2</sup> extruded board sheet
<b>TPT03350BS</b>	3mm thick, 350g/m <sup>2</sup> extruded board sheet
<b>TPT38700BS</b>	3.8mm thick, 700g/m <sup>2</sup> extruded board sheet
<b>TPT3450M1BS</b>	3.0mm thick, 450g/m <sup>2</sup> board sheet (Classe M1)
<b>TPT51500M1BS</b>	5.0mm thick, 1500g/m <sup>2</sup> board sheet (Classe M2)

EXPANSIVE LAYFLAT SHEETING / ADHESIVE BACKED CARPET FILMS  
 AKYPLEN® - SOLID ROLL AND SHEET MATERIALS / CORREX® - EXTRUDED FLUTED BOARD SHEETS  
 ALVEOLON® AND ALVEOLIT® - HIGH, MEDIUM AND LOW DENSITY FOAMS  
 DOUBLE AND TRIPLE LAYER BUBBLEWRAPS / REINFORCED SCAFFOLDING AND FIXING SYSTEMS  
 WELD, FIRE, SMOKE AND FACING FABRICS / HIGH PERFORMANCE ADHESIVE TAPES

PART NUMBER	TPT3270BS		TPT3350BS		TPT38700BS	
DESCRIPTION	Flame retardant board sheet temporary protection system					
MATERIAL	Flame retardant polypropylene copolymer					
THICKNESS	2.4mm		3.0mm		3.8mm	
WEIGHT PER M <sup>2</sup>	270g		350g		700g	
COLOUR	White semi-translucent					
PRINTED	LPCB logo and Certificate No. Can also have company name/logo for identification					
FINISH	Extruded twinwall sheet, consisting of two smooth skins separated by flutes					
APPLICATIONS	Temporary protection of all types of finished surfaces. For floors, walls, bulkheads, and covering of equipment such as furniture, electrical, machinery, panelling etc.					
SHEET WIDTH	1.00 m	1.22m	1.00 m	1.22m	1.00 m	1.22m
SHEET LENGTH	2.00m	2.44m	2.00m	2.44m	2.00m	2.44m
SHEET AREA	2.00m <sup>2</sup>	2.98m <sup>2</sup>	2.00m <sup>2</sup>	2.98m <sup>2</sup>	2.00m <sup>2</sup>	2.98m <sup>2</sup>
SHEET WEIGHT	0.54kg	0.80kg	0.70kg	1.05kg	1.40kg	2.08kg
SHEETS SUPPLIED	Stacked on pallets, strapped, shrinkwrapped, labelled and identified					
APPROVALS	Loss Prevention Certification Board (LPCB) approved to LPS1207 Cert. No. 227/a Issue 2					
QA	Continuous Assessment testing to be carried out by LPCB					
NOTE	Certificate of Conformity available on request.					

**Correx<sup>®</sup> is also available in a wide range of colours, sizes and non-FR or Halogen-Free variants. Please contact Temprotech for further information and advice**

The above information and recommendations are based upon our own research and data supplied by manufacturers and are for guidance only. No guarantee of their accuracy is made. We recommend that before using any product, purchasers carry out their own trials to determine to their own satisfaction whether the product is of acceptable quality and suitable for their particular purposes under their own operating conditions. Products are sold without any warranty as to merchantability of fitness for a particular purpose or any other warranty, expressed or implied.
