

Temprotech exhibit at Shiprepair & Conversion

November 2003

Temprotech Ltd. were joined on their exhibition stand at London's Shiprepair and Conversion event by five of their manufacturing partners. The event was identified as an appropriate forum for the launch of Temprotech's 'Tailor-Made Solutions' campaign and the introduction of several new products and technologies, including Correx[®], which proved to be of great interest to the marine community.
